

Private Label Paper Shredder Oil

Wirtzy Specialties has developed premium paper shredder oil for private labeling based on the most advanced technology available for shredder care.

Our shredder oil is comparable to the most popular quality national brands and is high grade petroleum-based non-detergent oil that is fortified against rusting, oxidation, and foaming. Formulated to improve performance, increase thermal stability, and extend the life of all paper shredders. For use with both reservoir and non-reservoir machines.

Standard Packaging

Shredder oil comes packaged in many different sizes and styles of containers. The container design is based on how the lubricant is going to be dispensed. Shredders without oil reservoirs typically use a bottle with a special applicator cap that allows the user to accurately apply oil into the throat of the shredder without waste and are smaller in size, typically 8 to 16 fluid ounces. Machine with a reservoir system will use larger bulk type containers of 32 fluid ounces to 1 gallon in size.

Labels & Artwork

Private labeling is just that: creating a label and artwork that promotes you and your brand to your customers. At Wirtzy Specialties we are able to print high quality labels in house on demand and in small runs. What this means to you is incredible flexibility in the designing, proofing, and working with your label. Our labels are digitally printed on polypropylene stock thus are waterproof and are chemically resistant. We are capable of working with established UPC codes or can obtain and help you through the process of implementing an appropriate code for your product.

Don't be intimidated by artwork, as we have professionals who can assist you along the way. You are invited to be as involved in the process as you wish; send us your completed artwork or have us do all of the work for you.

Customize Your Brand

Private label our stock paper shredder oil or have our technical staff custom blend or develop a shredder lubricant for your specific needs. Your brand name is our core business; with that privilege we place customer satisfaction and service as our highest priority. We will work to manufacture the ideal product for your name brand.

Establish a brand name with quality products designed for private label marketing
